

Class 6 Science · Ch 1 Worksheet C · Branches of Science

Total marks: **12** · Questions: **8**

Instructions: Identify the branches of science and connect them with everyday life.

Q1. The branch of science that studies forces, motion, light, and electricity is [1 mark]

- (A) Biology
- (B) Physics
- (C) Chemistry
- (D) Geology

Q2. The branch that studies substances and the changes they go through is [1 mark]

- (A) Astronomy
- (B) Chemistry
- (C) Botany
- (D) Zoology

Q3. The branch that studies living things is [1 mark]

- (A) Biology
- (B) Geology
- (C) Physics
- (D) Astronomy

Q4. _____ is the study of celestial objects like stars and planets. [1 mark]

Q5. _____ is the branch of biology that studies plants. [1 mark]

Q6. Astrology is the same as astronomy. [1 mark]

- (A) True
- (B) False

Q7. For each branch listed below, give one daily-life example: physics, chemistry, biology, astronomy. [4 marks]

Q8. Name two famous scientists and ONE thing each is known for. [2 marks]

Answer Key

Class 6 Science · Ch 1 Worksheet C · Branches of Science

Q1. The branch of science that studies forces, motion, light, and electricity is

Answer: Physics

Physics deals with matter and energy.

MCQ · EASY · 6-SCI-WOS-02

Q2. The branch that studies substances and the changes they go through is

Answer: Chemistry

Chemistry is about substances and their changes.

MCQ · EASY · 6-SCI-WOS-02

Q3. The branch that studies living things is

Answer: Biology

Biology studies plants, animals, and microbes.

MCQ · EASY · 6-SCI-WOS-02

Q4. _____ is the study of celestial objects like stars and planets.

Answer: Astronomy

Astronomy studies the universe beyond Earth.

FILL_BLANK · EASY · 6-SCI-WOS-02

Q5. _____ is the branch of biology that studies plants.

Answer: Botany

Botany focuses on plant life.

FILL_BLANK · EASY · 6-SCI-WOS-02

Q6. Astrology is the same as astronomy.

Answer: False

Astronomy is the science of the sky; astrology is not a science as its claims are not testable.

TRUE_FALSE · EASY · 6-SCI-WOS-02

Q7. For each branch listed below, give one daily-life example: physics, chemistry, biology, astronomy.

Answer: Physics — turning a fan on (electricity flowing). Chemistry — cooking dal (substances changing). Biology — a plant growing on a windowsill. Astronomy — looking at the moon through a telescope.

Tests linking each branch to daily life.

SHORT_ANSWER · MEDIUM · 6-SCI-WOS-02

Q8. Name two famous scientists and ONE thing each is known for.

Answer: Sir C. V. Raman — Raman Effect (scattering of light). Marie Curie — research on radioactivity. (Also acceptable: Isaac Newton — laws of motion. APJ Abdul Kalam — rocket / aerospace.)

Standard examples; any two valid pairs accepted.

SHORT_ANSWER · MEDIUM · 6-SCI-WOS-02
